

# STAN REYNOLDS

The philosophy for my painting is they must portray the colour and emotion that I feel when I decide to paint.

Now living in Doonan, halfway between Noosa and Eumandi, Stan feels that the Sunshine Coast Hinterland is the ideal inspiration for his art.

His first training at East Sydney Tech. Was the beginning of a lifetime love for expressing himself through painting.

Exhibiting with the Contemporary Art Society in Melbourne during the 50's .

Stan also assisted Ian Bow at the Victorian Art Society. He studied drawing and painting at Prahran Tech.,[Now TAFE], influenced by the many artists showing their work in Melbourne at the time, Cliff Pugh, Charles Bush, and Ian Bow.

More recently Stan studied with David Taylor, Alvaro Castagnet and Amanda Highett, having increased his knowledge of water colour, Stan now feels he can express his vision and emotion in all painting mediums.

Recent winner of a prize at Camberwell Rotary.
